Meeting the Challenges of Economic Growth

Dr. Ross Danyluk
Executive Director, Strategic Policy Branch
Alberta Transportation

Ports to Plains Alliance Conference
October 3, 2012
Alberta Transportation
Core Business and Goals

• Developing and preserving the highway network
• Managing transportation safety services
• Promoting partnerships and a multi-modal transportation network

Goals:
– Alberta’s highway network connects communities and supports economic and social growth
– Alberta has the safest road system in Canada
– Alberta has a well connected road-rail-air-port transportation system that supports economic opportunities and the quality of life in all communities
Energy Sector Outlook
